

Positive Energy Districts and Neighbourhoods for Sustainable Urban Development Expert Workshop on PED Framework

Invitation

Time: 26 March 2020, 11:00 – 16:00
Venue: Innoviris
Chaussée de Charleroi 110, 1060 Bruxelles, Belgium
Please register: <https://jpi-urbaneurope.eu/event-calendar/ws-on-ped-framework/>
Contact: Hans-Günther Schwarz, hans-guenther.schwarz@bmk.gv.at
Christoph Gollner, christoph.gollner@ffg.at

The PED Framework proposed by the PED Programme has been discussed and acknowledged widely. We thank all national delegates and stakeholders for their input so far. The key results of the discussions have been integrated in the document “White Paper: PED Reference Framework for Positive Energy Districts and Neighbourhoods”. Elaboration of a strategy towards operationalisation of the PED Framework towards cities’ needs is now a priority.

On basis of the White Paper, the PED Programme invites experts and representatives of problem-owners to discuss and co-create (1) key aspects that need further elaboration for cities and (2) key elements of processes to further operationalise the proposed PED Framework.

Indicative Agenda:

- **PED Framework version 2 and key findings from the national consultation process**
- **Key aspects of PED and key elements for a process for operationalisation to be further discussed**
- **Group sessions elaborating key areas for the PED Framework operationalisation**
- **Discussion of group results**
- **Definition of next steps**

All documents will be provided to the participants in due course before the workshop.
Results of the workshop will serve as basis for the [PED AGORA Workshop April 3, Lisbon](#).
